

UVGI LEO 5F AIR STERILIZER

Model: LEO 5F

Lightwave: UV-C primarily in the 253.7nm wavelength

Power: 220-240VAC, 50/60Hz

UV intensity @ 1 meter: 340 $\mu\text{w}/\text{cm}^2$

Bulb lifespan: 8 000 operational hours

Ballast lifespan: 20 000 operational hours

Power of bulb: 120 watts amalgam

PCO inside coated with SM nano 1152 TiO₂

Effective area: 40 square meters

Net weight: 6 kgs

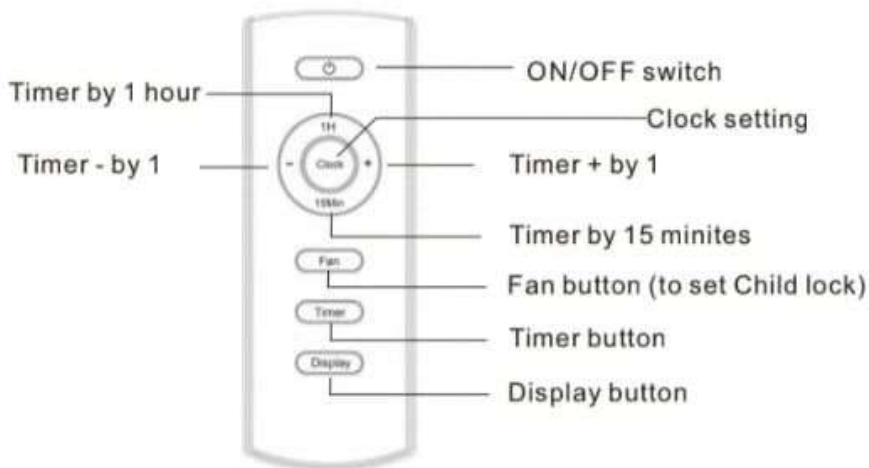

Digital display shows the timer

LED indicating the working status of the UV-C lamp

Dimension: 96.3x11x6.5cm

with remote control

with IR sensor

Display

2:30

Hours

Minutes

The best way to mitigate against airborne viruses, yeast, fungi, bacteria and mold
