

UVGI SM 20-222 AIR STERILIZER

Model: SM 20-222

Lightwave: UV-C primarily in the 222nm wavelength

Power: 220-240VAC, 50/60Hz

UV intensity @ 0cm(POC 1152 TiO₂): 3000 $\mu\text{w}/\text{cm}^2$

Bulb lifespan: 4 000 operational hours

Ballast lifespan: 20 000 operational hours

Power of bulb: 20 watts

Effective area: 40 square meters

Net weight: 1.6 kgs

LED indicating the working status of the UV-C lamp

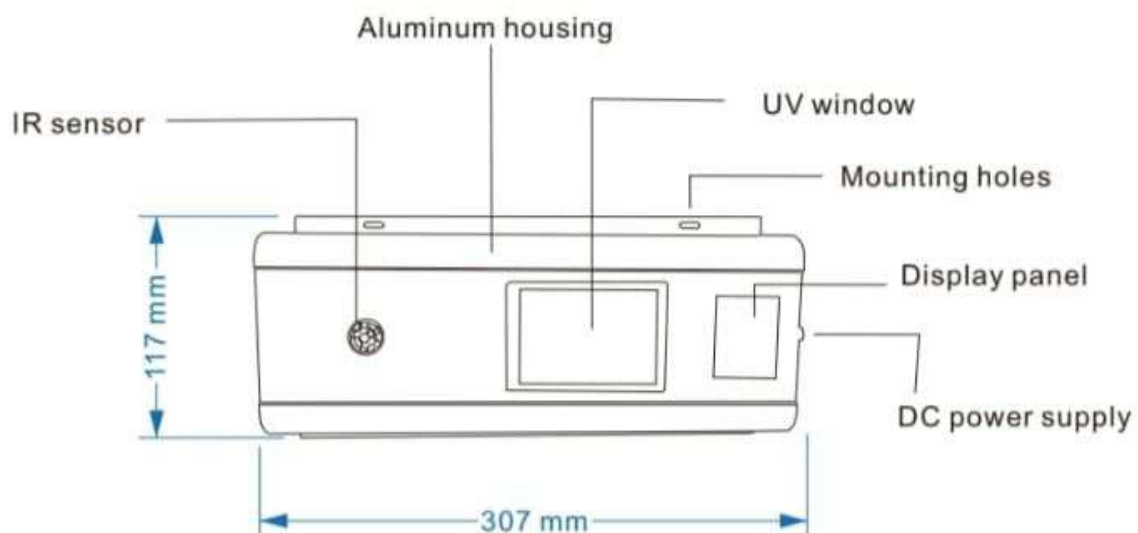

Dimension: 307x117x48mm

with remote control

with IR sensor

Structural Representation and Schematic Diagram

The best way to mitigate against airborne viruses, yeast, fungi, bacteria and mold
